Hi Amanda,

Thank you for sharing the spreadsheet you use for communication with the elected officials. It is very similar to the version Hanson updated in December.

I have attached both the "Angola" and "Hanson" spreadsheets for your reference. You may archive the "Angola" version and use the updated "Hanson" spreadsheet moving forward.

Please note that the LPA costs increased by approximately $700,000 in the new Hanson spreadsheet. The Stage 3 (90% complete design) plans and estimates are expected to be available in approximately two weeks, and Hanson will update this spreadsheet again following the Stage 3 submittal.

Hanson Summary:

	Des 2101166		Des 2400535	Des 2500472	
	INDOT	100% Local	80/20	Small STRs	Totals
CN Subtotals	$ 4,201,251.34	$ 2,194,214.00	$ 3,118,253.68	$ 74,084.00	$ 9,587,803.02
20% LPA Match			$ 623,650.74		
INDOT Funding (per UMS)	$7,245,194.00		$ 2,056,165.00	$ 13,600.00	$ 9,314,959.00
City of Angola Funding					$ 2,817,864.74

City of Angola (Old) Summary:

	Des 2101166		Des 2400535	Des 2500472
	INDOT	100% Local	80/20	Small STRs

Jason,

I was able to download all the documents. Would you be able to update the attached spreadsheet with your updated estimates? This format is easy for me to share with our city elected officials that show the payment breakdowns.

Thanks,

Amanda Cope, P.E.

A Final Field Check for this project has been scheduled for Monday December 15, 2025 at 11:30 am EST (10:30 CST).

The meeting will be held **in person** at the City of Angola's Office. Location details provided above

The Full set of Plans and Cross Sections and the agenda will be provided via email, prior to the meeting.

Anyone wishing to provide input into the design of this project should plan to attend. Utilities with facilities within the limits of this project should review the plans to determine if their existing facilities are accurately shown. Utilities that believe that their facilities will need to be adjusted should attend this meeting. This meeting could provide opportunities for design changes that could eliminate some utility conflicts.

Utilities have been contacted by and should continue to coordinate with Melissa Patton, mpatton@bfsengr.com, the INDOT-assigned utility coordinator, regarding the project schedule and relocation coordination. The utility coordinator can also be reached at (317) 522-7543.

The INDOT project manager for this project Babette Durand and can be contacted at BabDurand@indot.in.gov.
